

WEBEX SUBTITLE INSTRUCTIONS

While Webex webinar is going, subtitles can be enabled in two alternative ways as following described:

N.B.: The subtitle language is English (no other languages are available).

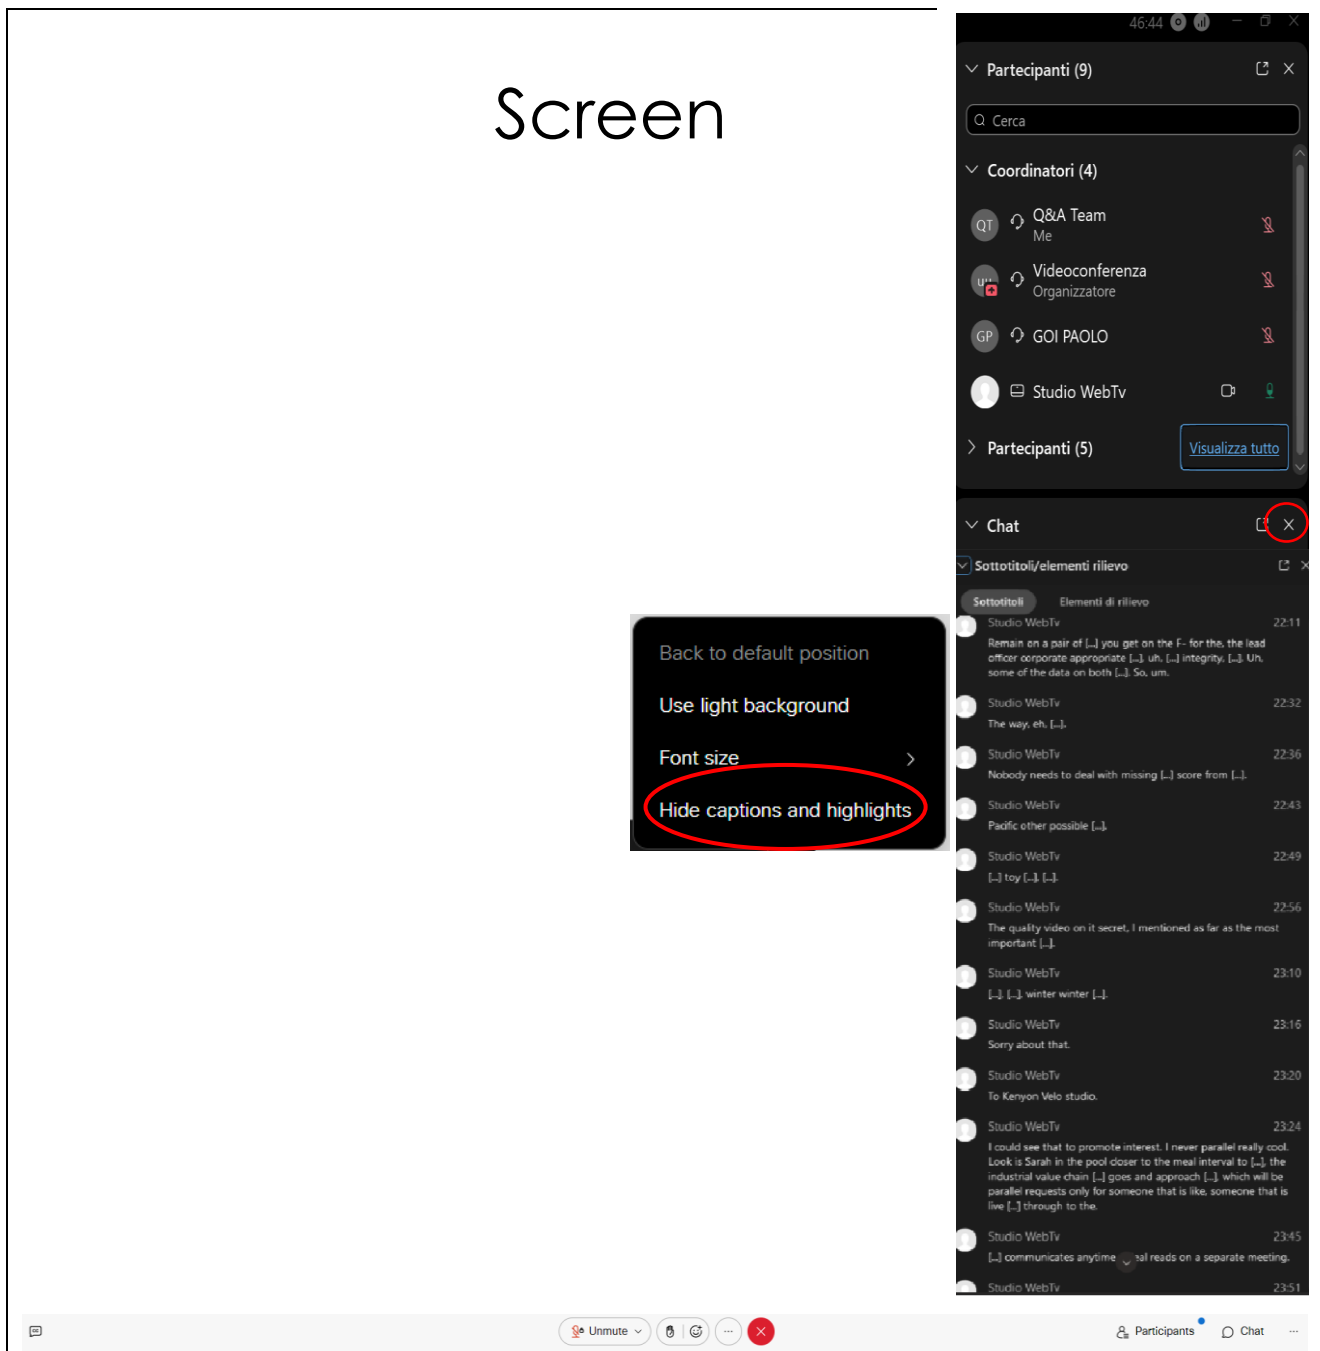

1.

Click on the three points on the right of the function bar (bottom side of your screen)

and enable **Captions & Highlights**

Subtitles appear in a chat box on the right side of the screen

Setting box is available for changing background style (light | black) or font size.

To disable subtitles, click on 'X' or "**Hide captions and highlights**"

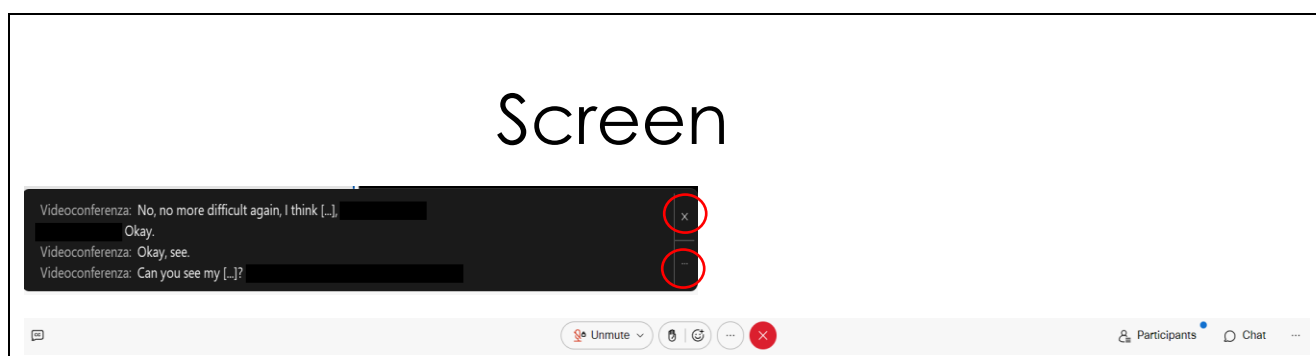

2.

Click on the icon 'cc' on the left of the function bar (bottom side of your screen)

and enable **Show captions**

Subtitles appear on your screen (below the speaker and the slideshow)

To disable subtitles, click on 'X'

Setting box is available for changing font size (by clicking the "three dots").
